

# Weekly Class Newsletter

December 12, 2016

ANNOUNCEMENTS

## Weekly Learning Targets

### Math:

- I can solve prediction problems by using ratios and rates
- I can convert measurement units by using proportions

### Science:

- I can draw an atom using Bohr's model
- I can form molecules using Bohr's model

### ELA:

- I can analyze story elements
- I can use draw conclusions from the text
- I can understand the meaning of idioms used in the text.
- I can distinguish denotative and connotative meanings
- I can write informative/explanatory texts that convey ideas on concepts using relevant information

### World Culture:

- I can identify Latin America's main geographical regions.
- I can describe the climate and vegetation of Latin America.
- I can describe Latin America's important natural resources.

Tomorrow is our annual Verizon Walkathon! It will begin at 8:15am. Pledge forms and donations can be sent in with your child or dropped off at the front office. Please be sure to dress your child for the cooler morning temperatures. All students on campus will participate in the walk.

On Friday December 16th, we will have a K-6 Big MACC at the Leadership Academy from 9am-10am. If you would like to attend the Big MACC on Friday, please let your child's teacher know by Wednesday, December 14th. We want to ensure we have seating available for families. Students may dress in Pajamas and should dress warm as we will walk to Leadership Academy.

We will also have a potluck on Friday. Please send a treat for your child to share with his/her class.

This Friday marks the end of the Quarter! Please make sure all assignments are completed and turned in this week.
